

Natural Floodplain Functions Alliance Webinar Series Presents:

Towards Resilient and Sustainable Floodplains

Presenter:

Larry Roth, PE, GE, ENV SP
Vice President and Principal Engineer
Arcadis

*Hosted by the Association of State Wetland Managers
Supported by the U.S. EPA and the McKnight Foundation*

Agenda

- **Welcome and Introductions** (15 minutes)
- **Federal policy update** (15 minutes): Larry Larson, ASFPM, and Jeanne Christie, ASWM
- **Webinar presentation and Q&A** (60 minutes): Larry Roth: Towards Resilient and Sustainable Floodplains

Welcome!

If you have any technical difficulties during the webinar you can send us

a question in the webinar question box or call Laura at (207) 892-3399.

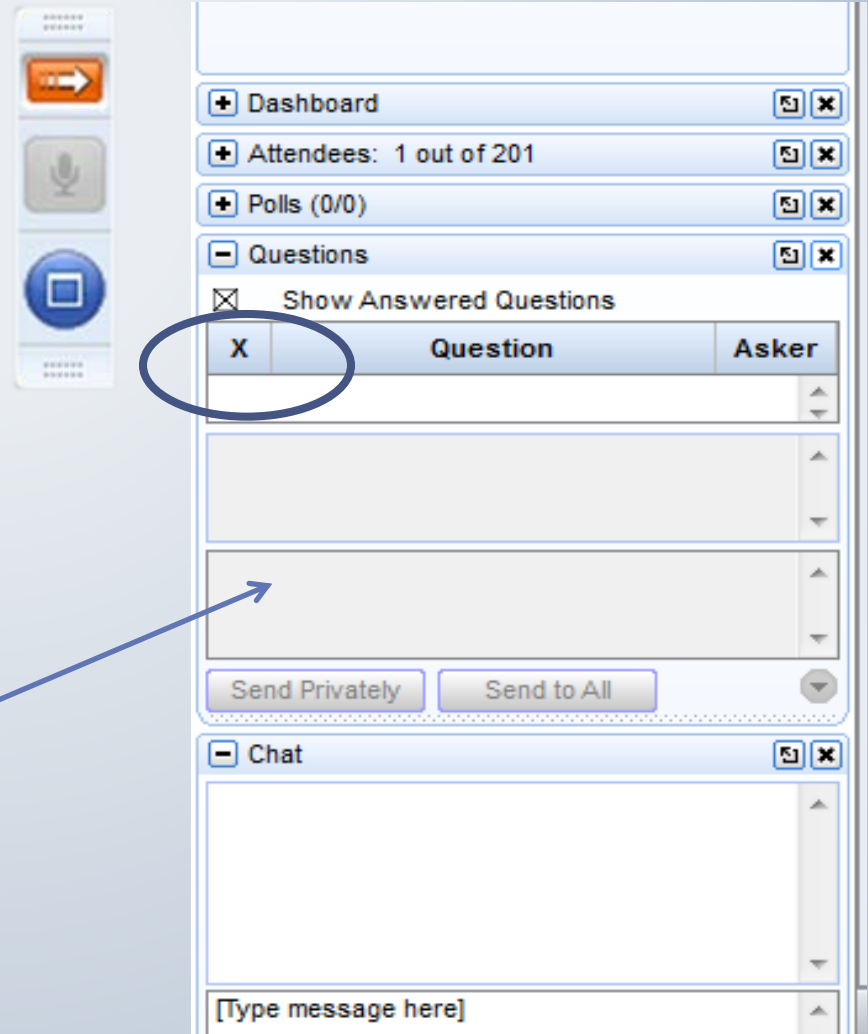

WEBINAR TECH TIPS

If you are using the telephone to listen to the webinar, please mute both your computer's microphone and speakers

Please submit your questions for the presenters via the question box.

***TIP:** Close out other non-essential programs on your desktop*

NFFA Goals

1. Encourage information-sharing among organizations and agencies that support restoration and conservation of natural floodplain resources
2. Use sound science to develop fair and reasonable policies and programs that support restoration and conservation of natural floodplain resources
3. Integrate natural floodplain management into broader landscape and watershed management initiatives.
4. Facilitate creation and integration of programs and policies to sustain and restore natural floodplain resources
5. Support revision or elimination of policies and programs that degrade and destroy natural floodplain resources
6. Improve communication about the importance of natural floodplain resources at all levels of government

ACWA, ECOS, and ASWM Send House Leadership Letter Highlighting Concerns About H.R. 3043, Hydropower Policy Modernization Act of 2017

The Association of State Wetland Managers signed on to a letter with the Environmental Council of States (ECOS) and the Association of Clean Water Administrators (ACWA) raising concerns about provisions of H.R. 3043, the Hydropower Policy Modernization Act of 2017. If enacted as written, the draft bill would modify Federal Energy Regulatory Commission (FERC) licensing requirements under the Federal Power Act and may conflict with state authority under Section 401 of the Clean Water Act to protect water quality and provide critical input on federal dredge and fill permits to wetlands and other waters under § 404. [The joint letter is available here.](#)

ASWM Comments on Proposal to Rescind the 2015 Clean Water Rule

The Association of State Wetland Managers has responded to the request for comments on the rule proposed by the U.S. Environmental Protection Agency and the Department of Army to rescind the 2015 Clean Water Rule and replace it

The Association of State Wetland Managers holds webinars on various topics, most of which relate to a specific project and work group. In addition, ASWM holds webinars as part of its members' webinar series on topics of interest to members. Please click on the webinar group name below for more details about individual webinars. In all cases, if you have any questions about registering for a webinar, please contact Laura at laura@aswm.org.

If you haven't used Go to Webinar before or you just need a refresher, please view our guide prior to the [webinar here](#).

The Association of State Wetland Managers (ASWM) and the Society of Wetland Scientists (SWS) share the common goal of encouraging sound science in wetland research, management, restoration, policy, and conservation. To reach this goal, the two organizations developed a formal partnership in 2015. ASWM is pleased to provide a link to SWS's new Members Webinar Series and encourage you to investigate their webinar series as well as our own.

See what people are saying about our webinars....

This is better than most. Better than most courses offered by individual universities because we get to take in a product of collaboration of several prominent individuals, typically, with a lot of practical experience. - Patricia Buckwalter, Ph.D. ASWM

Interested in Receiving CEUs?

Who can get Certificates?

- You must be a participant during the live webinar presentation.
- We are able to track webinar participation by registrants using our GoToWebinar software.
- **Documentation will state that you were a participant for X hours of a specific ASWM webinar.**

Receiving Documentation

If you need CEUs for your participation in today's webinar, you must request a Certificate of Attendance from ASWM.

Please note that we will send the documentation to you for you to forward to the accrediting organization.

Please contact Laura Burchill
laura@aswm.org
(207) 892-3399

Provide:

- Your full name (as registered)
- Webinar date and Title

Please note that this is a different process from our other webinars.
